

# TECHNO-WIPES BENEFITS

**Easier Safer Faster Cleaner**

	Graffiti Wipes	Stainless Steel Wipes	Carpet Spot Wipes	Multi-purpose Hand Wipes	Multi-metal Wipes
<b>Easier</b>	<p>Fast acting, non-toxic formula cuts through layers of grime effortlessly</p>	<p>A citrus based cleaner that cuts through grease &amp; oil spatter with a wipe.</p>	<p>Solvents designed to remove stains from carpet and upholstery with ease.</p>	<p>Removes the need for messy, ineffective soaps, water and rags.  Ready to hand at work stations.</p>	<p>Cleans and polishes brass, silver and other decorative metals.  A single cleaner ready to hand.</p>
<b>Safer</b>	<p>Non-toxic, non-flammable, environmentally friendly and bio-degradable.  No harmful or nauseating fumes.  No Amyl Acetate or Methylene Chloride</p>	<p>No harmful chemicals and leaves a pleasant citrus scent.</p>	<p>Eliminates stains and odours by digesting organic waste caused by pets, vomit, mildew, food, etc.</p>	<p>Natural oils and emollients protect the skin and leave it smooth.</p>	<p>No harsh ammonia fumes.  Gentle cleaning which protects the surfaces against tarnishing.</p>
<b>Faster</b>	<p>Gently abrasive yet non-scratching fabric aids cleaning.  Portable, safer towels can be used indoors as well as outdoors.</p>	<p>Dissolves greases away rapidly and leaves a slight residue of oils to leave a shine.</p>	<p>Dries to a colourless, odourless powder that vacuums away.</p>	<p>Dissolves and lifts away tar, grease, wax, oils etc.</p>	<p>A powerful formula removes deposits, oxidation and corrosion by-products quickly.  Easily buffed with a clean, dry cloth.</p>
<b>Cleaner</b>	<p>Less hazardous materials and ready availability allow for more frequent and quicker cleaning.</p>	<p>Deposits a protective coating which leaves surfaces shiny and protects them from marks and corrosion.</p>	<p>Dampened towels can be left on stains overnight for deeper cleaning of odours and unseen biologicals.</p>	<p>The cloth is gently abrasive but will not scratch surfaces getting more dirt off.</p>	<p>Coats the surfaces to slow future tarnishing and reduce marking.</p>
